Note that the table represents net tax and non-tax collections and not gross collections. When compared to the prior year through April 30, actual tax and non-tax revenues increased by $\$ 526.1$ million, or $4.4 \%$. The net, or actual, tax and non-tax revenues through April 2004 of $\$ 12.486$ billion were more than the projected revenues by $\$ 195.3$ million.

For fiscal year 2003-04, the entire amount reserved for Section 401(b) Federal Funds of $\$ 273.7$ million was released for availability to specifically fund the third and fourth quarter allotments in the Department of Corrections. For fiscal year 2002-03, the local government tax reimbursement was repealed. In addition in fiscal year 2002-03, no funds were transferred from corporate income tax to the Critical School Facility Needs Fund or the Public School Building Capital Fund. Instead these funds were deposited as a receipt for use in the State Public School Fund (part of the General Fund). This receipt indirectly increased available dollars to be appropriated for other uses.

Major components of tax and non-tax revenues that increased from the prior year through the end of April 2004 included:

- $\quad \$ 267.0$ million for Individual Income Tax;
- $\quad \$ 265.6$ million for Sales and Use Tax; and
- $\$ 130.3$ million for Miscellaneous Non-tax

## Summary of Financial Condition

## April 30, 2004

Tax revenues through April 2004 were more than the period through April 2003 by $\$ 504.7$ million, or $4.5 \%$. Tax revenues are presented net of refunds to taxpayers and various transfers. Comparisons of current and prior year tax revenues are difficult due to legislative changes and netting of various transfer expenditures against the tax revenue sources. Examples of such transfers include:

- reimbursements to local governments;
- reimbursements for costs of administration of sales and use tax for local governments; and
- transfers to the Public School Building Capital Fund and Critical School Facility Needs Fund.

Non-tax revenue through the end of April 2004 was $\$ 21.4$ million, or $2.6 \%$, more than through the end of April 2003. Investment revenues decreased by $\$ 24.3$ million from the prior year through the end of April.
