## Summary of Financial Condition

February 28, 1998

Tax revenues through February 1998 were greater than the period through February 1997 tax revenues by $\$ 481.8$ million, or $7.5 \%$. Tax revenues are presented net of refunds to taxpayers and various transfers. Comparisons of current and prior year tax revenues are difficult due to legislative changes and netting of various transfer expenditures against the tax revenue sources. Examples of such transfers include:

- reimbursements to local governments;
- reimbursements for costs of administration of sales and use tax for local governments; and
- transfers to the Public School Building Capital Fund and Critical School Facility Needs Fund.

Non-tax revenue through the end of February 1998 was $\$ 55.1$ million or $10.5 \%$ less than through the end of February 1997. Investment earnings increased through February over the previous year by $\$ 18.2$ million, or a $12.5 \%$ increase.

## General Obligation Debt - General Fund and Highway Fund

The following schedule presents principal payment requirements for the General Fund and the Highway Fund. This schedule is exclusive of defeased debt involving advance refundings where the proceeds were placed in an irrevocable trust with an escrow agent in an amount sufficient to provide for all future debt service payments on the refunded bonds.

In November 1996, the voters of North Carolina approved bonds in the amount of $\$ 1.8$ billion for school construction and $\$ 950$ million for highway construction.

The amount of authorized, but unissued bonds was $\$ 2.05$ billion as of February 28,1998 . The first bond issue, related to the $\$ 1.8$ billion of school construction bonds which were approved in November 1996, was sold during March 1997 in the amount of $\$ 450$ million. These bonds were issued at rates ranging from $5.1 \%$ to $5.2 \%$ with a final maturity of March 1, 2016.

The first bond issue related to highway construction was issued on November 1, 1997 in the amount of $\$ 250$ million, with rates ranging from $4.5 \%$ to $5.00 \%$. The proceeds of this bond issue will be used to pay the capital costs of urban loops, intrastate system projects, and State secondary road projects.

The adjacent schedule includes only bonds issued through February 28, 1998.
