SUMMARY OF FINANCIAL CONDITION

April 30, 2007

Tax revenues through April 2007 were more than the period through April 2006 by \$1,546.7 million, or 10.9%. Tax revenues are presented net of refunds to taxpayers and various transfers. Comparisons of current and prior year tax revenues are difficult due to legislative changes and netting of various transfer expenditures against the tax revenue sources. Examples of such transfers include:

- reimbursements to local governments;
- reimbursements for costs of administration of sales and use tax for local governments; and
- transfers to the Public School Building Capital Fund.

Non-tax revenue through the end of April 2007 was \$48.6 million, or 7.2%, less than through the end of April 2006. The substantial decrease is due to a transfer in for the highway trust fund in fiscal year 2006 that does not occur in fiscal year 2007. Investment revenues increased by \$66.9 million from the prior year through the end of April.
