SUMMARY OF FINANCIAL CONDITION

October 31, 2006

Tax revenues through October 2006 were more than the period through October 2005 by \$553.1 million, or 10.7%. Tax revenues are presented net of refunds to taxpayers and various transfers. Comparisons of current and prior year tax revenues are difficult due to legislative changes and netting of various transfer expenditures against the tax revenue sources. Examples of such transfers include:

- reimbursements to local governments;
- reimbursements for costs of administration of sales and use tax for local governments; and
- transfers to the Public School Building Capital Fund and Critical School Facility Needs Fund.

Non-tax revenue through the end of October 2006 was \$14.4 million, or 7.7%, less than through the end of October 2005. The substantial decrease is due to a transfer in for the highway trust in fiscal year 2006 that does not occur in fiscal year 2007. Investment revenues increased by \$27.2 million from the prior year through the end of October.

SUMMARY OF FINANCIAL CONDITION

Expenditures

Actual appropriation expenditures through October 2006 were less than actual appropriation expenditures through October 2005 by \$53.9 million, or 1.0%.

Expenditures for current operations (exclusive of expenditures for capital improvements and debt service) through October 2006 were less than such expenditures through October 2005 by \$76.0 million, or 1.5%.

A negative appropriation expenditure indicates that a budget code has non-appropriated authorized receipts that exceed authorized expenditures.

¹ Substantial decrease from prior year due to a federal mandated change that reduced expenditures for drug administration.

² Substantial increase from prior year due to a transfer of \$10 million to Economic Development Reserve, authorized by the General Assembly.
