Note that the schedule above represents net tax and non-tax collections and not gross collections. Tax revenues are presented net of refunds to tax payers and various distributions to state and local entities based on legislation. A negative appropriation expenditure indicates that a budget code has actual receipts that exceed actual expenditures.

The schedule above presents monthly and year-to-date General Fund operations for the current and prior fiscal years as well as the annual budget and percent of budget realized or expended.

The table above presents monthly and year-to-date tax and non-tax revenues as well as the increase/decrease from the prior year.

For fiscal year 2010, when compared to the prior year through October 31, actual net tax and non-tax revenues decreased by \$144.1 million, or 2.4%. Tax revenues through October 2009 decreased by \$254.7 million, or 4.4%, and non-tax revenues increased by \$110.6 million, or 50%. Non-Tax Revenue Other saw a large increase during the month of October 2009. The Department of Health and Human Services transferred \$125 million per Senate Bill 202, Session Law 2009-451, Section 10.64.(b) to be accounted for as Non-Tax Revenue. This transfer represented the return of General Fund appropriations provided to the Department of Health and Human Services to provide indigent care services at State-owned and operated mental hospitals. The Department of Revenue also transferred \$30 million per Senate Bill 202, Session Law 2009-451, section 2.2.(f) to be accounted for as Non-Tax Revenue. This transfer is to offset the continued operations of the State's Public Schools. Investment earnings for October 2009 declined by \$44.6 million, or 71.9%, primarily due to lower cash availability for investment.

Revenues and expenditures never occur evenly over the course of the fiscal year. During fiscal year 2010, the State continues to implement a cash flow management process that monitors state agency spending requirements.
